

## Soundconcert

Sound does many things, it gives energy en calms the mind. In ancient times sounds was used also for healing and transformation.

With the cosmic sounds 'old' energy is transformed to that of the 'new' time. De cosmic sounds are a translation of the cosmic energy to sound. Singing bowls and other instruments are used to support that.

The concert will be approximately 1 ½ hours through which you can simply lay down on a mat and only enjoy the sounds coming at you.

After the concert we serve tea with special energized Diamond Light Water.

Next concert: 14 March 2010
